INTRODUCING MABASA

Find jobs from *different websites in one place.*

Mabasa brings listings together so you can search by role and country.

01 / FIND JOBS FROM DIFFERENT WEBSITES IN ONE PLACE

Tired of searching *the same job sites?*

You search for a role on one website, then repeat the search elsewhere. Afterwards, you still have to remember which jobs you liked.

SEARCH **Look for the same role**

REPEAT **Check another website**

REMEMBER **Keep the jobs you like**

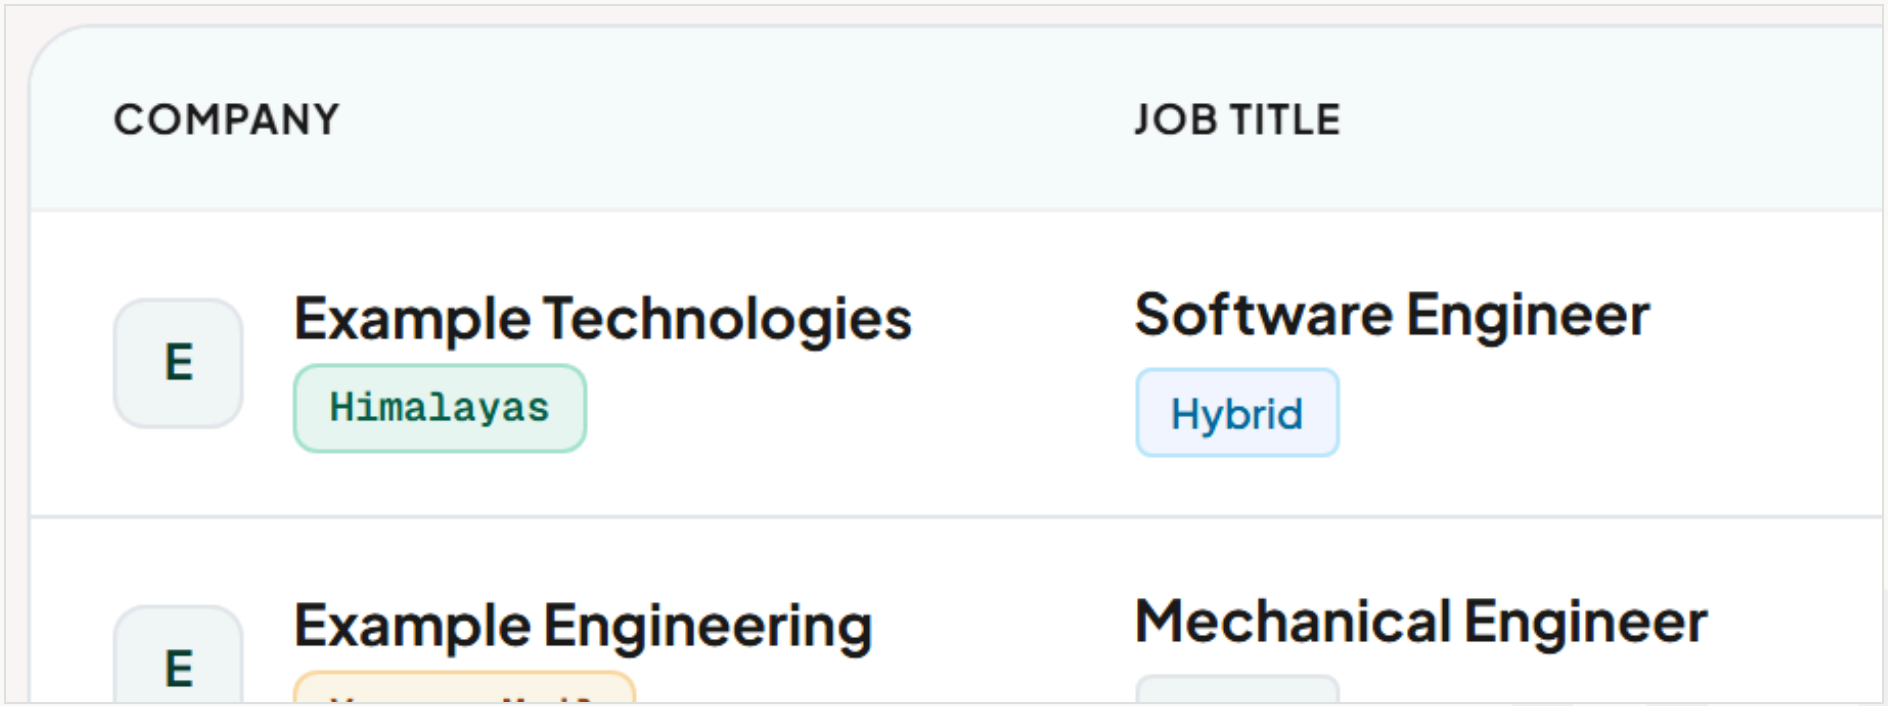

Mabasa brings those listings into one place.

01

02 / FIND JOBS FROM DIFFERENT WEBSITES IN ONE PLACE

Browse jobs from *different sources.*

Mabasa collects listings into one searchable feed. You can browse them together instead of checking each source separately.

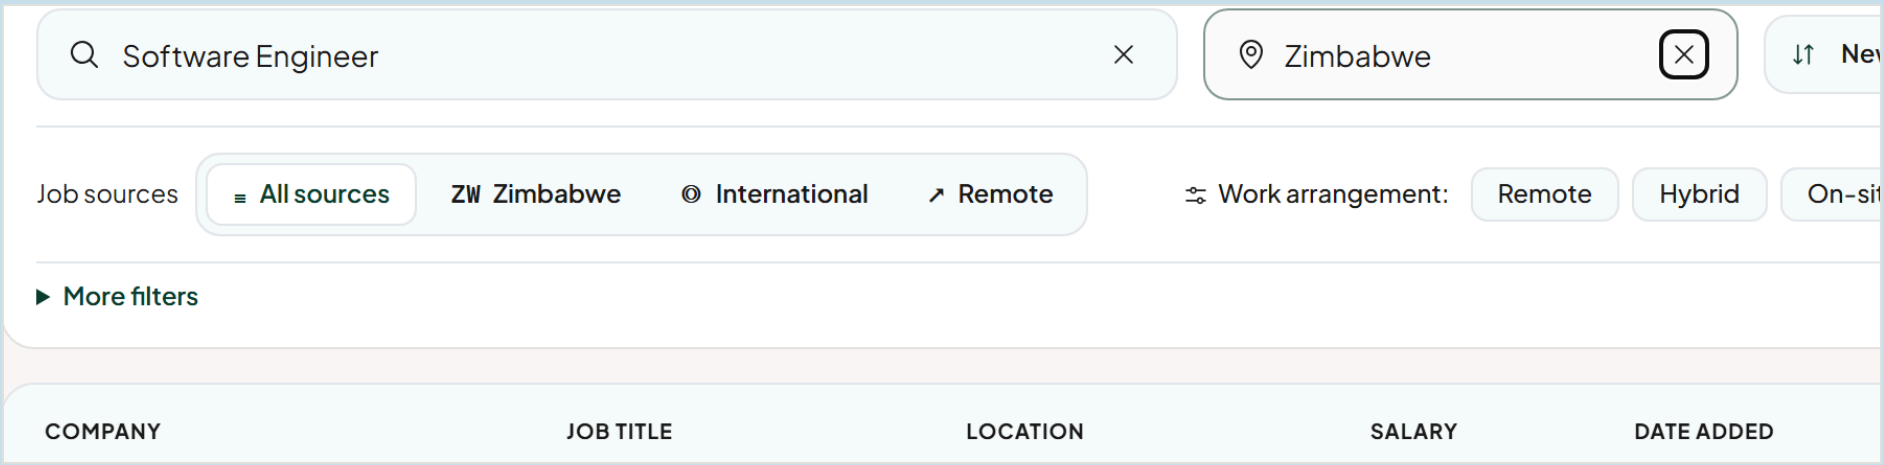

Example listings shown in the Mabasa interface.

03 / FIND JOBS FROM DIFFERENT WEBSITES IN ONE PLACE

Type a role *and location.*

For example, search for Software Engineer and type Zimbabwe in the Location box. Adjust the filters if you need to narrow the results.

Example search. The jobs available depend on the sources in our feed.

04 / FIND JOBS FROM DIFFERENT WEBSITES IN ONE PLACE

Open the advert *before you apply.*

Each listing keeps a link to its original advert. Open it to check the details and follow the application instructions.

CHECK	Requirements and deadline
READ	Documents to send
APPLY	Follow the original instructions

Mabasa does not submit the application for you.

05 / FIND JOBS FROM DIFFERENT WEBSITES IN ONE PLACE

Save jobs and *prepare your CV.*

The free tools help you keep track of jobs and get your CV ready. You can start without creating a Mabasa account.

SAVE **Keep jobs to revisit**

TRACK **Record your progress**

BUILD **Create a CV manually**

Guest records stay in this browser. Keep a backup.

PRO / PAID MEMBERSHIP

Pro finds jobs
that fit your profile.

Want help with matching and applications? Pro adds AI tools. Add your CV and interests so Mabasa can find relevant jobs for you.

PROFILE	**Your experience and job interests**
MATCHES	**Jobs compared with your profile**
EMAIL	**Alerts about matching jobs**

Recommendations help you choose what to review. You decide where to apply.

PRO / PAID MEMBERSHIP

See what your CV *needs for a job.*

Pro compares your CV with the job requirements. It flags skills and experience that are missing or need clearer evidence.

COMPARE	**Check your CV against the role**
REVIEW	**See gaps and suggested improvements**
IMPROVE	**Explain your relevant experience clearly**

A gap may mean missing experience or missing detail in your CV. Add only what is true.

PRO / PAID MEMBERSHIP

Create a CV and *cover letter for a job.*

Choose a job in Mabasa and ask Pro to draft an ATS-friendly CV and cover letter using your saved information. It does not have to be one of your recommended matches.

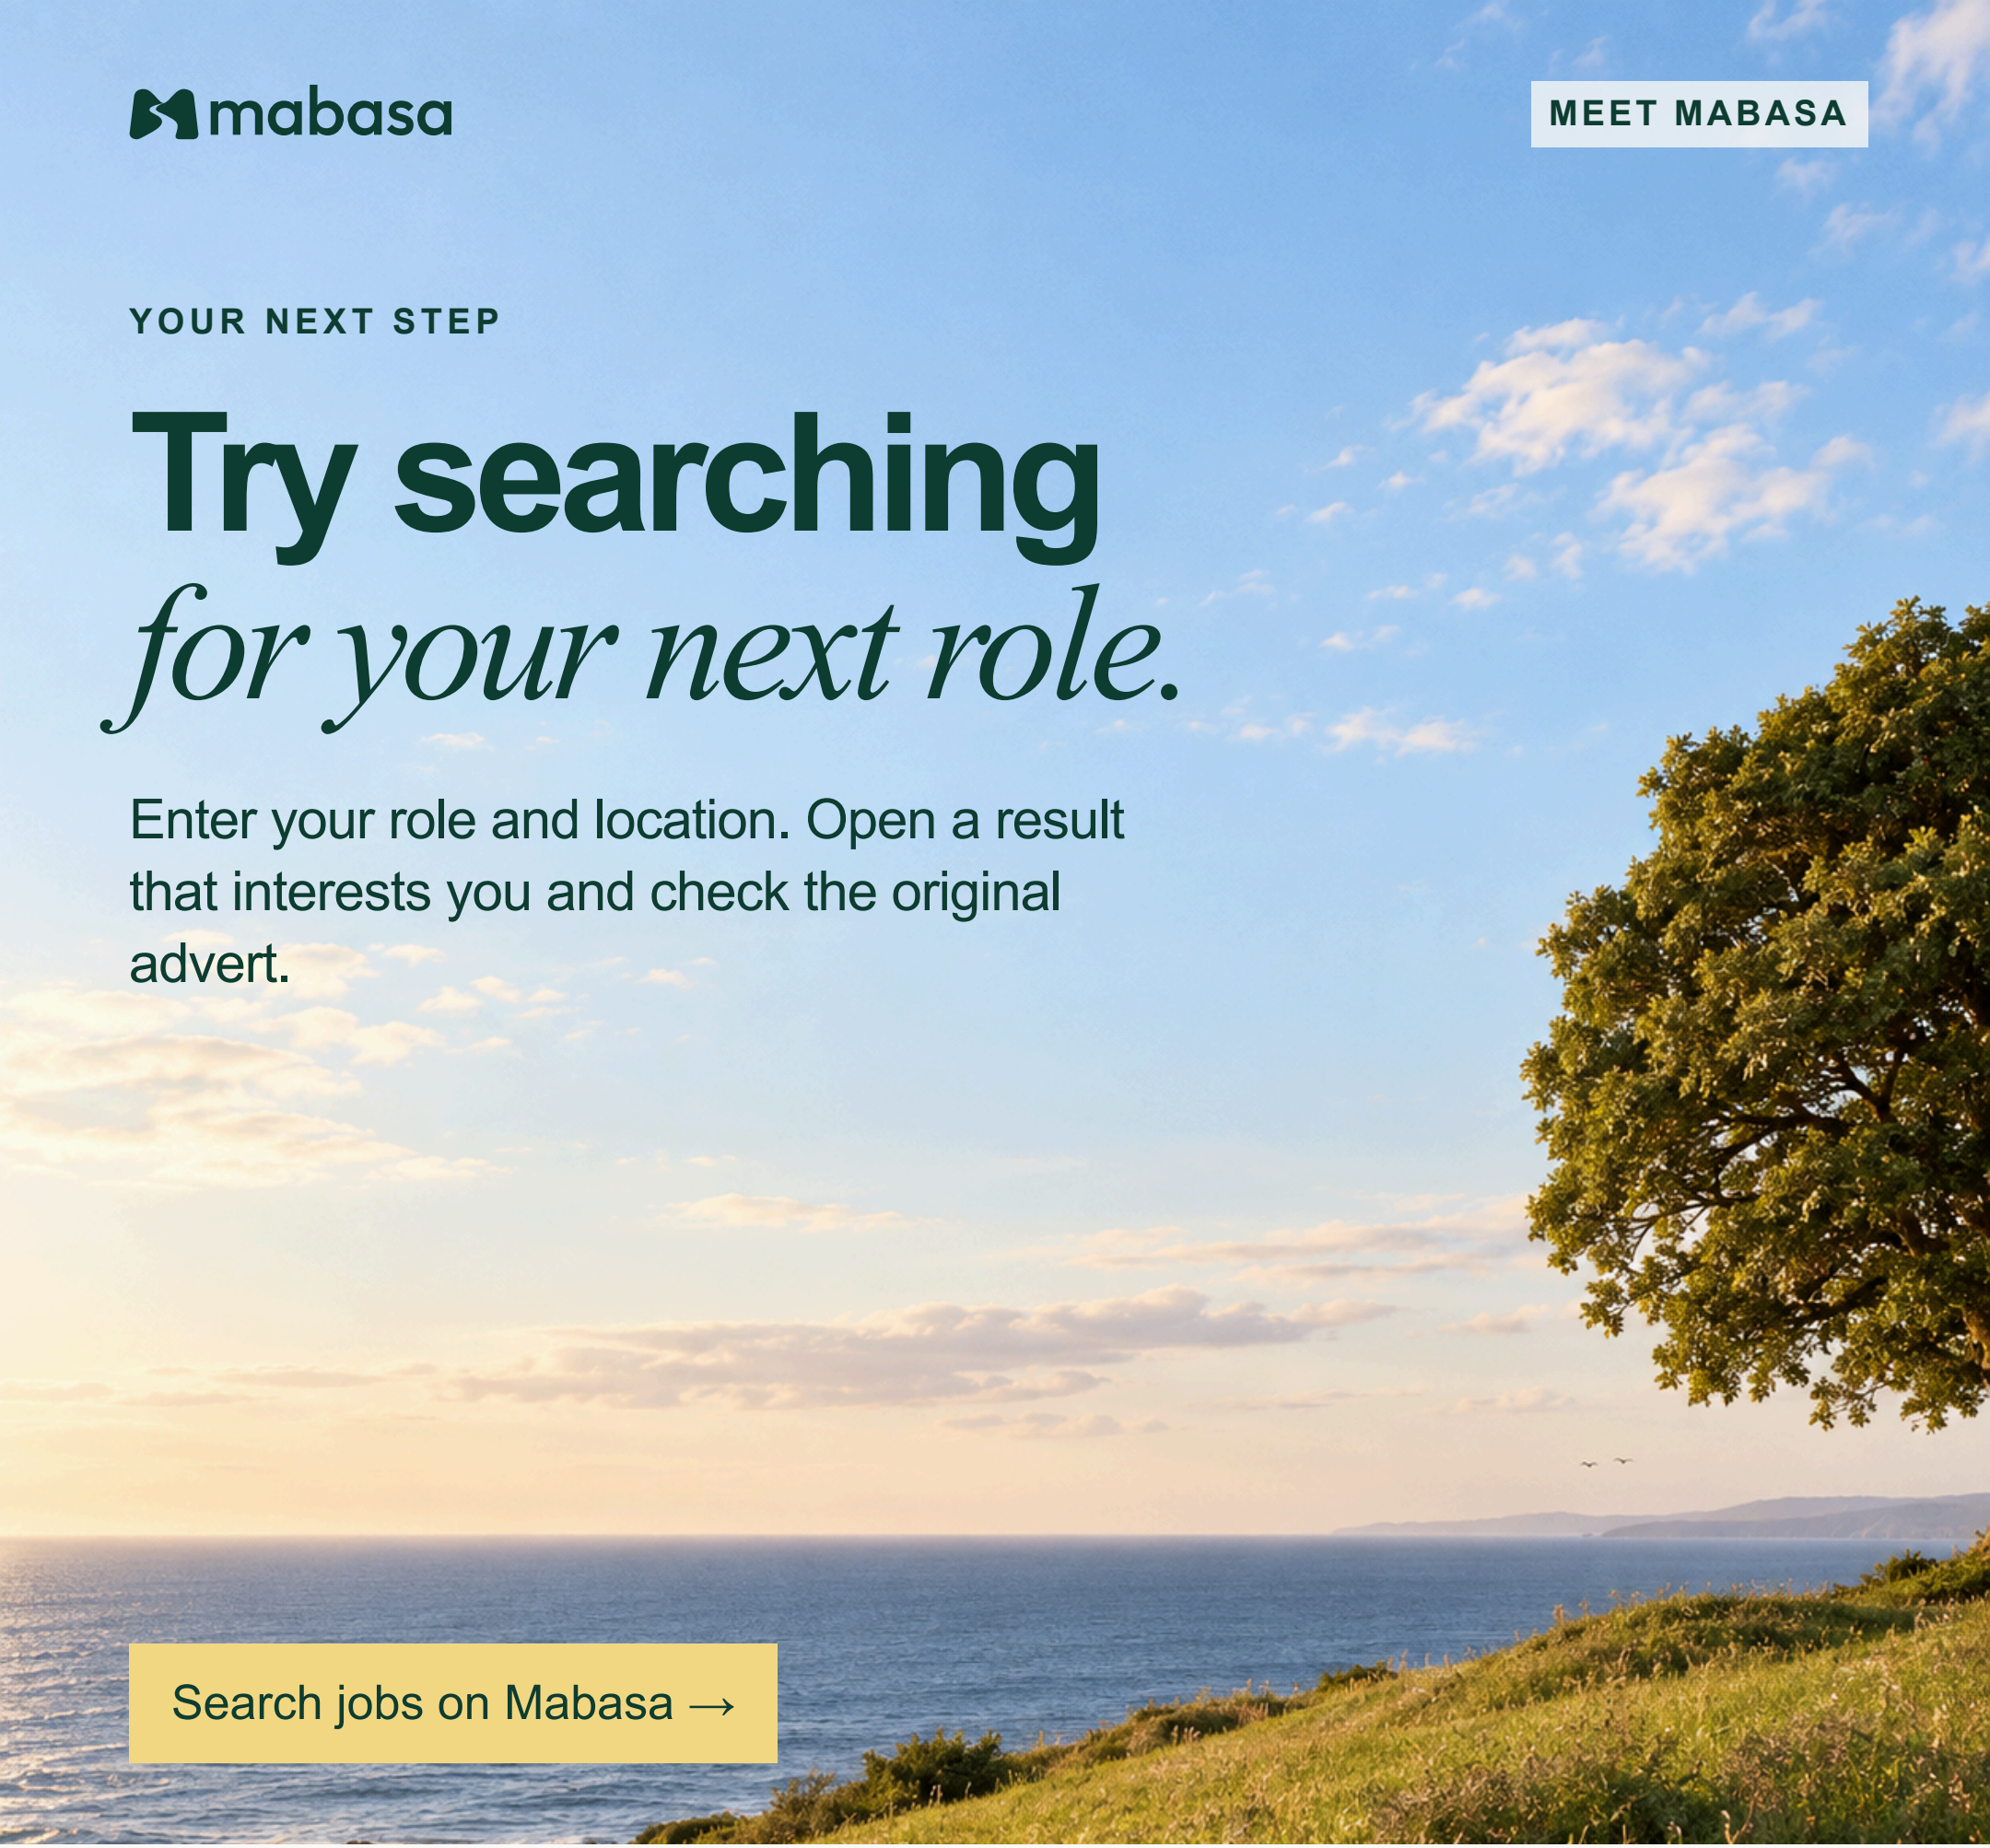

CHOOSE	**Pick the job you want to apply for**
GENERATE	**Get drafts tailored to that role**
REVIEW	**Check the details before you send**

Your CV uses clear, structured formatting so ATS software can read your experience and skills, ready for a recruiter to review.

YOUR NEXT STEP

Try searching *for your next role.*

Enter your role and location. Open a result that interests you and check the original advert.
